24.11.16

As a result of the parent forum we will…

- Review our family learning to offer opportunities for parents and carers to see what 'Building Learning Power' looks like in practice.
- We will email our 'Spellings at Ashleigh' handout to all parents in KS2 (this can also be found on the website).
- We will share our Sex and Relationships Education policy once it has been finalised.
- We will consult parents when our Sex and Relationship programme has been finalised.
- We will offer opportunities for parents to come in and review SRE materials and resources before it is taught.
- Having shared possible routes into the school during the construction period, we will look at suggesting a one-way circuit to access the new gate
