Ashleigh's Value for Autumn Term 2

Enthusiasm

A value is a principle that guides our thinking and behaviour

Putting my whole heart in to what I do...

Going through life with excitement and energy is having **enthusiasm**. Some things are easy to be enthusiastic about, but others are not so easy. Sometimes we may not necessarily want to do something, but we can still do it with enthusiasm; we can choose to put our spirit into something, rather than just doing it without really caring.

Teaching and modelling to children what enthusiasm is creates more enjoyable and joyful experiences. **Having enthusiasm makes things a lot more fun!**

I WILL:

- 1. Be an "energy-giver."**
- 2. Smile.**
- 3. Encourage others.**
- 4. Treat every job as important.**
- 5. Not be discouraged by failure.**

DISCUSSION STARTERS:

- *What does it mean to "have a good attitude" at school? What does a "good attitude" look like at home?*
- *How can you have a positive attitude when doing something you don't like to do? Can you give an example?*
- *Why is it important to do your best in "little" things?*
- *The opposite of enthusiasm is apathy, which means not caring about what happens or how things turn out. What do you think will happen to a student who doesn't care about his or her work?*
