At Ashleigh Primary School & Nursery we believe that in order for children to learn kindness, they need to be surrounded by compassion and kindness themselves. Compassion shows itself in many forms across the school and underpins our school ethos.

As well as teaching compassion within the school community, we look to the wider community and world. We encourage the children to support those who are less fortunate than us and when we learn about and support charities, we are showing compassion for others. We will be supporting Sports Relief in March later this term.
