

What do parents/ carers say about our school?

Ashleigh is providing an amazing educational experience for my child. He flourishes in everything he does and thoroughly enjoys being at school because of the amazing opportunities offered and fantastic staff.

We are very lucky to have a superb teaching staff .

We love how the children are encouraged to be creative, to take risks in their learning and to value the school community they are a part of.

There is a lovely positive attitude amongst both staff and pupils.

To have a state school like this in our area is amazing, as I'd equate the facilities and experiences offered as comparable if not superior to a private school.

Fabulous school. Really interested in the children and puts their needs first. The school goes from strength to strength.

The school has expertly managed the uncertainty and changes to the National Curriculum, and its expansion to a Primary with no disruption to my children's learning. In fact, have used all these opportunities to challenge and improve.

I am extremely proud of the teachers and staff at Ashleigh. My children love school and are making great social and academic progress.

The teaching is excellent and the staff are all friendly and caring. I couldn't wish for a better environment for my child.

The school's ethos is central to the experiences of my children, both in and out of the classroom. The school is extremely well led, and all teachers, support staff and others involved with their learning contribute and support that ethos. I have complete trust in their ability to ensure my children receive the highest quality of education, based on sound research and skill. But that the well-being and additional experiences and skills

Ashleigh is a truly amazing school. The leaders have managed to keep the school running smoothly despite the building work to extend the school.

This school is really excellent and continues to develop amazing opportunities and creative ways for our children to learn and grow.
