

Year 4 Homework Activities from Monday 24th February - Wednesday 1st April 2020

ROBOT WARS

Times tables, Times tables, Times tables!!

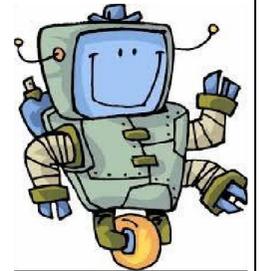

We are still having a big focus on times tables this term. We will be assessing children's times tables weekly. We recommend you practise your times tables at home daily to ensure you make good progress. Times Table Rock Stars battles will still be ongoing!!

Reading at home!

This term we are also having a focus on reading both in the classroom and at home. Throughout the term, children will continue to have daily reading time and whole class Guided Reading lessons. During Book Week, the children will have an opportunity to explore books in a number of ways within school hours as well as a KS2 Book Quiz. Our library also gives us the opportunity to loan books to children to take home to read so please encourage them to do this. Can you please also ensure these books are well looked after and returned daily for the children to read during the day.

Robot Wars homework ideas:

- Design a Robot that makes life easier- Draw and label your design, explain how your Robot will help its owner.
- Robot Research- Create a fact file of the things you find out (e.g. What is artificial intelligence?).
- Robot history- find out about how Robots have changed over time. Present your findings to the class.
- Robots of the future- What do you think Robots will be like in the future? Create a poster/presentation of your ideas.
- Write a story based around a Robot.
- Write a descriptive poem about a Robot.
- Make your own Robot model out of recycling.

These Robot Wars activities are ideas that you may choose to complete at home of the course of this half term. They are not compulsory. If you do choose to complete a Homework Activity, **please bring it in** and we will aim to find time in the week to share it with the class.
