This Week's Spelling Rule: words ending in -tion

-tion is the most common spelling of the 'shun' sound at the end of a word. It is used if the root word ends in **t** or **te**.

Expectations: Every child should learn the Challenge 1 words. If your child needs a harder challenge they may learn the Challenge 2 words that are linked to our class topic.

Your child will be tested on the 'words they must know' plus any other they have learnt on Monday next week.

They will also be tested on a 'bonus word' that is not on the spelling list below but follows the same spelling pattern / rule. By completing the 'Spelling rule activity' children will better understand the spelling rule and more readily apply it in their writing.
